

## PROFILE

*Student at ENSEEIHT, majoring in Electrical, Electronic, Energy and Automation Engineering, after two years of preparatory classes in Mathematics and Physics (MP). Curious, motivated, and rigorous, I aim to strengthen my technical and scientific skills through practical and innovative projects.*

## EDUCATION

2023

**GDGSR High School**

Baccalaureate in Mathematical Sciences A

2023-2025

**IBN ABDOUN**

Preparatory Classes :MP

2025

**ENSEEIHT**

Major: 3EA

# IMANE BENTAIBI

ENGINEERING STUDENT –  
ENSEEIHT

## PROJECTS AND ACHIEVEMENTS

### **TIPE Project – Design and Experimentation of a Solar Tracker 2024-2025**

- Designed a solar tracker to optimize panel orientation and tilt.
- Developed a cooling system to limit temperature effects on performance

## SKILLS

### **1. Personal Skills**

- **Analytical reasoning:** developed through solving complex problems during preparatory classes.
- **Stress management:** demonstrated efficiency under tight deadlines (e.g., TIPE project).
- **Team spirit:** success in a group project awarded first place in preparatory class.
- **Scientific curiosity:** strong interest in emerging technologies.
- **Rigor and methodology:** applied in analysis and validation of results.
- **Adaptability:** quick learner of new tools and environments.

### **2. Computer / Software**

- Python, C, MATLAB

### **3. Languages**

- French
- English
- Arabic
